

Package Matrix

Here is a matrix of the packages and their version numbers for each level of Solaris supported on this site.

Use the Search box to enter some or all of the package name, such as gcc, or keyword like editor. The "Older Versions" link will take you to a list of up to the last 5 'older' versions.

Package	Link To	SPARC							X86			
		2.5	2.6	7	8	9	10	11	8	9	10	11
